Re: African Film Workshop

Dear Mr. Schneider,

The Film Association of Namibia would be interested in a collaboration with both your company and a US non-profit entity to develop a "Summer Film Workshop" in Namibia for films and videos that deal with social development issues.

The purpose of the workshop would be to train local Namibian filmmakers and to develop the local film and video industry in the country and in the Southern Africa region and to help local filmmakers obtain the technology and skills needed for such an industry to grow and flourish both in terms of production and distribution/exhibition.

We look forward in trying to work with you to develop a plan to bring teachers, interns and equipment to Namibia for the summer of 2009.

Thank you.

Sincerely,

Abius Akwaake
Chairperson
